## **Description:**

Forest Hills #24 is a well maintained villa with panoramic views.

The villa has a spacious open-plan kitchen and living area, beautifully decorated with high pickled ceilings and traditional coral stone walls. This room opens onto an expansive covered veranda. The sea views and over looking a lake makes this villa special and private. The two en-suite bedrooms are on the lower level. The primary suite has a cozy sitting/tv area. Both bedrooms open onto a patio, enjoying the private lake views.

The villa has a guest cottage at the entrance courtyard which provides a private area for guests. The cottage has a double sized bed and French doors opening onto a peaceful area to relax and have morning coffee.

The laundry area is tucked just behind this guest cottage.

Forest Hills #24 is a turn key villa and a must see to appreciate the location within Royal Westmoreland Resort.
