## Description:

IMAGINE - a collection of 17 exclusive luxury residences nestled along Barbados' pristine West Coast. Seamlessly harmonizing with the natural beauty of Brighton Beach, each residence in this distinctive building offers unparalleled sea views and the serenity of private waterfront living. Groundbreaking is expected in 2024 and completion anticipated in 2025.

Aspire residents can indulge in direct access to the West Coast's longest stretch of pristine white sand. At ground level, the infinity pool provides a luxurious oasis. There is a gym with floor-to-ceiling windows that combine luxury with fitness, offering residents gorgeous panoramic sea views during their workouts.

The Sky Lounge is located on the roof level with breathtaking views of Bridgton Bay. This exclusive retreat features a serene pool, sun loungers and a firepit.

The interiors of the units feature floor to ceiling views with glass doors that open to private terraces overlooking the bay. Specially coated Solar E glass minimises heat and glare, providing a comfortable and sustainable living environment.

Aspire is designed to offer luxury while prioritizing environmental sustainability. Key features include:

Coastal landscaping to create a natural buffer

Turtle friendly lighting

A rainwater collection system

A full back-up water supply and power generator

An advanced waste treatment plant
