**Description:**

Warrens Business Centre is located in a prime location, positioned within the heart of Warrens, in a high visibility and high traffic area on the main road facing a roundabout. The Centre presents an opportunity for a lucrative commercial property development. Ample parking on the premises greatly enhances the potential as office space for service-related and retail businesses. Several major banks, government and private offices are concentrated in the wider area. This combined with the flow along the major route in and out of Bridgetown all but guarantees any business in the complex will find the location very attractive.
