## Description:

This unique, 5-bedroom, 5-bathroom custom-built family home sits on a ridge in the heart of Saint George with cool breezes and enjoys views of both the countryside and sea. The home has marble floors throughout with the inclusion of purple and greenheart wood, a mixture of coral rendered and smooth textured walls, high wood ceilings, skylights and an internal garden with a large rock feature and fountain. On the main level there is a landing with a built-in-couch and additional seating, a separate family TCV room, Laundry and kitchen complete with a centre island and granite counter tops including a bar extension. On the next level there is a formal living area outfitted with large glass windows and sliding doors taking full advantage of the internal garden to the East and the views and garden to the West. There is also an air-conditioned bar and entertainment space with a powder room. Using the spiral type staircase, you will access three air-conditioned spacious bedrooms with en-suite bathrooms and walk in closets, two of which have private garden enclosures and one has a small patio. There is an interconnecting wooden bridge to the foyer. Upstairs in the Master bedroom with en-suite bathroom with walk in closets and a private patio. The basement level has two water tanks and pumps with storage space. The owner will consider putting in a swimming pool for the right long-term rental. This home is being rented with appliances only.
