- Upstairs
- Washing Machine

## Description:

A tastefully refurbished and fully furnished, upstairs, 2-bedroom, 1.5-bathroom condo located in a modern gated community. An open kitchen with granite counters and an adjacent laundry area having a stackable washer/dryer leads outside to a small sheltered back patio. The kitchen extends to an open plan living and dining area, which in turn leads outside to a sizable sheltered patio that overlooks the tennis court, large communal swimming pool and clubhouse.

The bedrooms are approximately 12 x 12 and 12 x 11 respectively, with each having energy efficient A/C units and a queen-sized bed. The master bedroom also has an internal access to the well finished bathroom with a shower, while there is also a powder room for guests.

Warrens with all its many amenities is but a few minutes away, and glorious west coast beaches are about a 7–8-minute drive.
