Description:

This stunning property sits on an elevated 2.5 acre site with beautiful manicured gardens with panoramic views of St. Thomas countryside. Views of the Bridgetown Port and Carlisle Bay are visible from this vantage location.

The home is 11,000 sq. ft. of space and offers a large open plan 3 bedroom, 3.5 bathroom layout on the elevated level. The kitchen has a modern yet country feeling with an open layout allowing you to view the living room, dining room, pool and patio. There is a beautifully designed swimming pool surrounded by a large patio ideal for entertaining.

The master bedroom features a patio, a very large master bath, two shower heads and a spacious walk-in closet. There are two, 1 bedroom 1 bathroom apartments on the middle floor which share a patio and common area. Both of these apartments are fitted with kitchens, ensuite bathroom and a walk-in closet.

The ground floor is a large open space that can be plumbed to have a kitchen or bathroom.

The owners were very conscious to be environmentally friendly as possible when building this home, by using paints and stain that are eco-friendly. The floors and walls for the upper level are made of Green Heart, which was meticulously hand picked by the owner to ensure the best quality finished available.

The property is located just minutes away from the Warrens area, as well as the West Coast, where you will find all of the amenities you need. The views reach all the way to the Bridgetown port and Carlisle Bay.
