- Open Plan
- Owners Storage
- Plunge Pool

## **Description:**

SORRENTO, another luxury escape in Barbados.

A select development of 18 three-bedroom houses, set over two floors, each with a private terrace and pool. End Units being starting at US\$679,000.00 and internal Units from US\$649,000.00.

SORRENTO, located in Lower Carlton, St James, is perfectly situated steps away from some of the most beautiful beaches in Barbados and quite possibly the world! Close by is historic Holetown, home to many fine dining restaurants, bars, the upscale Lime Grove shopping center, cinemas, supermarket and so much more!

You will experience the luxurious Caribbean charm of Sorrento the moment you step into the foyer with recessed ceiling detail and suspended lighting that welcomes you. Sliding wooden doors lead into the guest suite (with bath) that can double as a study or entertainment area.

Sorrento's open-plan living area brings the outside in. Full folding glass doors greatly expand the internal living area and allows full use of the covered patio, offering relaxed dining and social areas poolside.

Casual island top dining is offered in our modern European kitchen with stone countertops and quality appliances. The patio "oasis" is full of charm and relaxation with lush vegetation and a waterfall feature into the plunge pool. This gorgeous space truly takes outdoor Caribbean living to the next level.

A beautifully designed guest bedroom on the upper floor awaits you, with its own en-suite bathroom including rain shower head, luxurious sanitary ware and creative tiling. Built-in closets provide ample storage and large windows allows plenty of Bajan sunshine and fresh trade wind breezes in.

Outstanding! Probably the best way to describe Sorrento's master retreat! Our large master suite with full glass sliding doors, opens onto its own private patio with an outdoor tub for a spa-like experience in a tropical oasis for the owners private use. This is the perfect sanctuary after a "hard day" of Caribbean living. An en-suite bath that is lavishly finished beckons you to rejuvenate and relax. The ample closet space within the master suite is extended onto the landing area, providing additional lockable closets for the owners private use in the event that the condos are rented.

Starting st US\$649,000
